PERSONAL PROJECTS.

Portfolio website (08/2022 - Present)

- My personal portfolio website show more about myself, my skills and my works and my links

Income tracking app (05/2022 - 05/2022)

- An app that takes record of all the income in your transctions

Crypto currency dashboard (07/2022 - 07/2022)

- A crypto currency dashboard that shows various crypto currency coins, their symbol, their current prices , their percentage increase or decrease in price . I used the Coingecko API to get data for this project .

Weather app (06/2022 - 06/2022)

- A weather app that show the present weather conditions of various places across the world
- I used the Open weather API to get data for this project .

ACHIEVEMENTS

Built personal projects .
